**Tell us about yourself...**

I was born and raised in Butte, Montana. I am an upbeat and energetic mother of three children who likes to keep busy and learn new trades and skills. My husband and I like to refinish older vehicles of which they currently own a 1968 Chevy Camaro, a 1933 Plymouth Coupe and a 1932 Studabaker.

**A typical day includes...**

Each day is a challenge and a learning experience. With road reporting during the winter and sometimes spring months, my job changes as much as the weather does in Montana! I work with different departments and agencies each day in regards to incidents or accidents on Montana highways.

**Qualities needed to do this job include...**

You need to have good communication skills and the ability to adjust. You also need to be able to maintain good relations with the general public, the knowledge to read maps, and give good directions. Prioritizing and organizing my work day allows me to manage a hectic day.

**My favorite things about working at MDT and why I stay here include...**

I think MDT stands for Magnificent Dynamic Team and I am honored to be part of such a great group of people.
